

*We aim to be the school of choice for our community.
Through living our Christian values, everyone at WCEJS has the opportunity to flourish.
We nurture the curiosity to learn, the courage to lead and the compassion to care.*

Building solid foundations (Matthew 7: 24-27)

If only the Earth ...

If the Earth were only a few feet in diameter, floating a few feet above a field somewhere, people would come from everywhere to marvel at it. People would walk around it, marvelling at its big pools of water, its little pools of water and the water flowing between the pools.

People would marvel at the bumps on it, and the holes in it, and they would marvel at the very thin layer of gas surrounding it and the water suspended in the gas. The people would marvel at all the creatures walking around on surface of the ball, and at the creatures in the water.

The people would declare it sacred because it was the only one, and they would protect it so that it would not be hurt. The ball would be the greatest wonder ever known, and people would come to pray to it, to be healed, to gain knowledge, to know beauty and to wonder how it could be.

People would love it and defend it with their lives because they would know that somehow their lives, their own being would be nothing without it.

If only the Earth were a few feet in diameter!

Dear God

We thank you for all that you have created. For everything that we are able to marvel at and enjoy. Help us to take care of this beautiful world so that many more may enjoy it.

Amen

Weekly Reflection

Where can we go to appreciate our planet and be closer to God?

Record your thoughts in the back of your RE book. You may write sentences, create a mind-map, draw a cartoon, illustrate your thoughts and feelings in a picture, write a poem or do something else.
